

800x1600mm

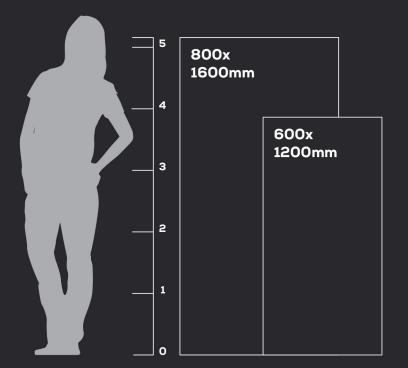

Glazed Vitrified Tiles

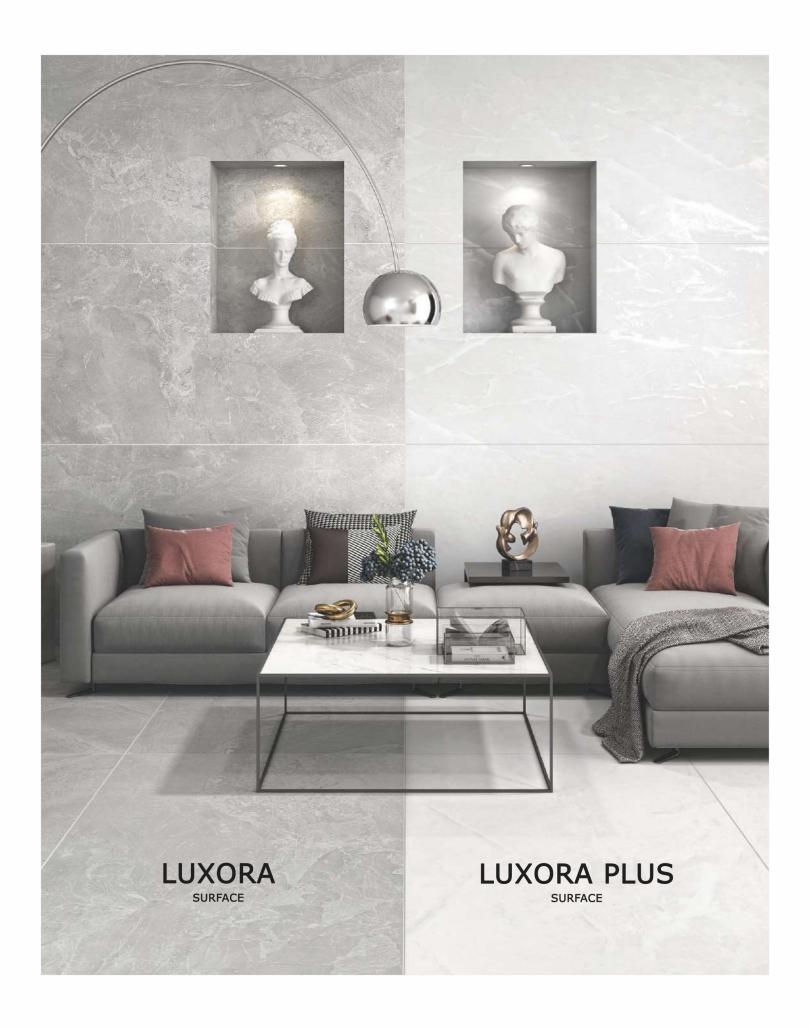

The Finest Surfaces Lush & Lush Plus from Architylezz

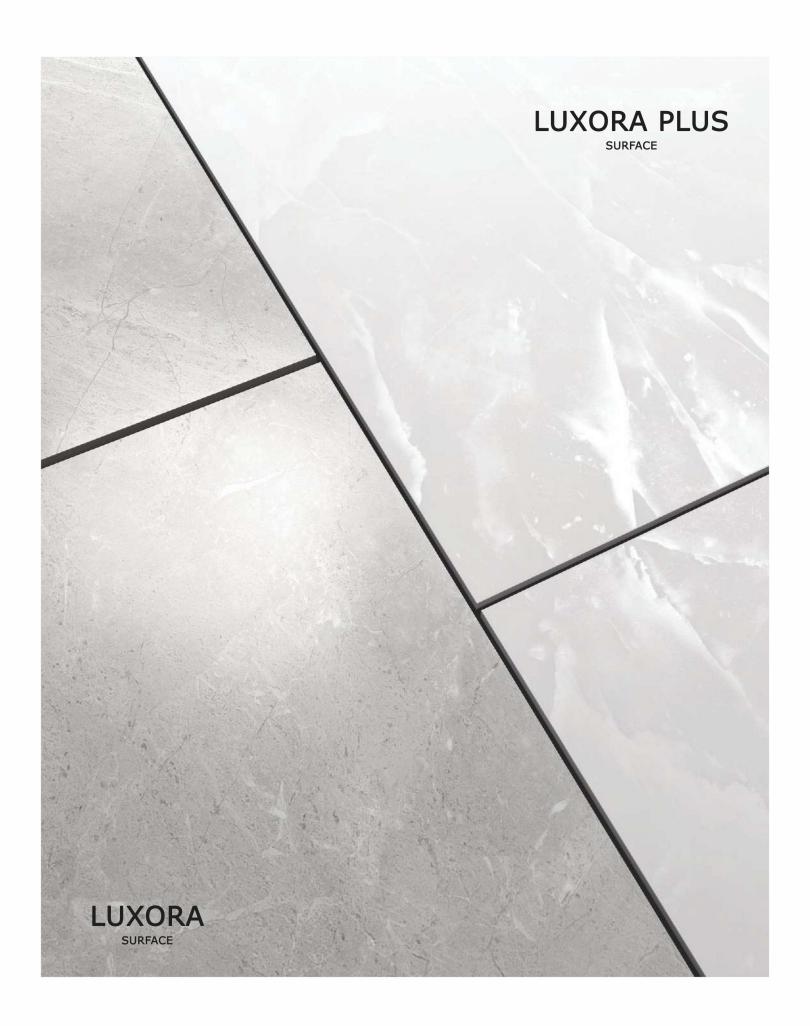

Redening the art and craft of the innovative Lush and Lush Plus nishes from the house Architylezz that artistically amalgamates the best of its moultiple nishes into a singular ceramic marvel that is exceptional to soight and touch.

The premium finishes are a result of incessant research and development to offer luxury and functionality in equal measures. The Lush finish is an experience in itself - with a matt feel and glowing ambiance melding the aesthetics of the glossy surface and the practicality of the matt surface in one.

The Lush Plus finish is the essence of class and perfection with the artisanal luxury of carving details glowing and striking in the Lush surface taking surface experience to another level and setting a benchmark in the ceramic industry altogether. Both exclusive finishes are available in magnificent 800x1600mm and 600x1200mm size slabs.

Attributes & Benefits

The exceptional surfaces are remarkably rich in features offering a luxurious ambiance paired with functionality that facilitates low maintenance, sustainability, and longer life of surfaces paired with exceptional durability and resistance towards scratches, high temperature, and more.

Water-Repellent

Safeguard yourself against moisture and enhance the durability of your space.

Easy to clean

Low maintenance & resistance to stains makes these surfaces very easy to clean and maintain.

Abrasion and wear-resistant

High-quality glaze makes these surfaces resist scratches, abrasion, and wear due to heavy use.

Frost-proof

These surfaces resist freezing in sub-temperature conditions making them safe for installation.

Blended Smoothness

Smooth surfaces that are impactful yet durable.

Resists load and stress

High weight-bearing and breaking strength of the surfaces makes them resist load and stress.

Hygienic

Non-porous surface makes them suitable for contact with food and hygiene.

Resists high

These surfaces remain unaffected by high temperatures making them ideal for kitchen and dining use.

Non -Reflective

Add aesthetic elements that evoke muted tones of sophistication.

Resists Chemicals

The surfaces do not change color, stain, or react if they come in contact with chemicals.

Resists thermal shocks

These surfaces are highly resistant to constant changes in temperatures and spikes.

Colorfast

The use of high-pigment ink and inkpreserving agents makes the surfaces retain their color.
